### Important Trash & Recycling Mail Headed Your Way!

Middletown Township recently received bids from trash and recycling service providers to provide service to the community for the next five years. The bids included an option to leave collection “as is” and several options aimed at controlling costs, such as moving to once a week collection and incorporating automated collection. Be on the lookout for a postcard in the mail from Middletown Township informing you about the estimated service costs and potential changes being considered.

The Board of Supervisors would like to know what you think—[please complete this survey to share your feedback](#). This survey is one of the several things the Board is considering when awarding a contract. The deadline to complete the survey is August 9th. The Board of Supervisors is tentatively expected to award a contract to Waste Management in August. Residents can learn more about the trash contract and updates to the process by clicking [here](#).
